# SHS LIFE

First of all, I would like to say a huge welcome back to all of our returning students, as well as a warm welcome to our new Year 7 students who have settled in fantastically.

After the anxious wait for our Year 10, 11 and Sixth Form students it was fabulous to share in their success on the two results days in August.

Sixth Form results at A Level were the best ever, with all students securing places at a university of their choice or taking up apprenticeships or employment and our results for BTEch and Tech Level qualifications put us firmly as one of the top providers in the county.

Year 11 saw all students secure places in sixth form, apprenticeships, colleges or employment and once again we were thrilled to see the diversity of paths our students are following. Huge credit to the students for their superb efforts and hours of revision that they put in, both inside and outside of school, and to family, friends and teachers for their support.

The first year of our early English Literature exams for Year 10 proved to be a massive success and students have returned understanding the level of work required to succeed and highly motivated. I would also like to mention how smart our Year 11 look in their new suit jackets and congratulate them on their extremely mature approach to school. They have set a fine example to all of our younger students within the school.

The building of our new maths and English block has come a long way throughout the summer, and we look forward to moving into the new classrooms in the near future. I would also like to thank and congratulate all of our students for adapting so well to the new school day. Everyone has been excellent and we are excited for the opportunities that are available as a result.

On behalf of everyone at SHS I wish you all a wonderful weekend.

A reminder to all students wishing to play football at lunchtime that they need to bring trainers.
